Midwifery Students  
commence September 18<sup>th</sup>  
2023

**2019** Intake of Nursing and  
Midwifery Students Graduate  
from UCC on

October 31<sup>st</sup> 2023

## Dear Preceptor,

The most important factor underpinning a good placement is the preceptor who works with the student. All nurses and midwives have a duty, through their code of professional conduct and ethics (NMBI 2021), to pass on their knowledge and to preceptor students (Walsh, 2014). It is well recognized that preceptors do a really good job, very often in challenging circumstances. The rewards of being a preceptor include increased job satisfaction, increased professional role, developing teaching skills, precepting in the area of management, maintain the standards of the profession as well as the protection of the public through safe, effective practice. Students recount some of their reflections on their preceptor:

“What stood out for me was working closely with motivated preceptors who were willing to share the wealth of their knowledge despite the pressures of their hectic shifts”.

“Every member of the team was approachable and helpful. I was made to feel valued at all times. Nothing was too much trouble for my preceptor /associate preceptor

## TO UNDERTAKE A PRECEPTORSHIP PROGRAMME

### Upcoming events

To attend a workshop book a place through the Centres of Nurse Education – contact details on previous page.

#### **A nurse/midwife :**

- must be registered 6 months with NMBI
  - they have completed a Nursing Degree or an equivalent programme that includes a module/unit of teaching, learning and assessment
- Or
- if they have been a preceptor and require to refresh their knowledge and skills as a preceptor
- Or
- if they are new to the preceptor role
- Or
- self-assesses the need to take the programme. A recommendation is to undertake regular updates (refresher/ workshops) every 2 -3 years.

The preceptorship programme is now a 2 part programme:  
First complete the HSE Land “[Preceptorship in Practice](#)” programme, print or save the certificate and present it at the local Preceptorship Workshop sessions as per schedule below.

Please book you place on the Workshop session for the relevant venue through the contact details on the schedule.

Further resources available are located on the UCC Website on the following link [Preceptor Information](#)

For Mental Health, Intellectual Disability, Midwifery specific workshops, please contact the CPC for your area
