Ag Caint: Key Points

Colette McKenna

- UCC Library is a hugely important 'place' for students to go to do work and have a consistent environment.

- There are tonnes of eBooks and eJournals available. New schemes include:
  - Click & Collect
  - Scan & Deliver
  - 'Ask us' Virtually
  - Digitised Course Readings

- Library staff went above and beyond to deliver services to both students and staff.

- UCC Library has always had a great relationship with UCCSU and that partnership helps them.

- Digital can enhance the services UCC provides and streamline things for everyone.

Cara Long

- UCC Library is a consistent part of most student's studies, and routines.

- Student & Library partnership is huge with the IT help desk, library assistants etc. There are tonnes of technologies available:
  - Studio
  - VR Digital Environment Lounge
  - 3D Printing

- UCC Library is always adapting to student feedback, such as with the book a seat initiative.

- Separating the study and life environment is important and the Library creates that balance.

- Sometimes it can be difficult to create a productive environment at home and the library provides that for everyone.
