

CATCH

Communication and Action through
Tree-planting for Climate-Health

Online event via MS Teams

13th May 2021 @ 10am

[Register here](#)

Join us for a half day online event communicating climate change, impacts to human health, climate action with co-benefits, tree-planting and more.

With opening address from

Éanna Ní Lamhna (President of the Tree Council of Ireland)

And featured speakers including:

Dr Eoin Lettice (UCC), Dr Riona Walsh (Irish Doctors for the Environment),
Dr Darren Reidy (Acting Sustainability Officer UCC), Dr Annalisa Setti (UCC),
Dr Christie Godsmark (UCC), Maria Young (Green Spaces Cork).

The first 20 people to register (in Cork City/County) are offered a native tree to plant (if they are able & have a suitable location on their own property, whilst being committed to caring for the tree now & in the future).

Funding received from the Irish Research Council New Foundations
