

User Registration

UCC CampusBike is a communal bicycle scheme available to UCC members of staff. Following an initial registration, the user can avail of a bicycle for short term use during the working day. A fleet of bicycles is therefore available at various locations around the greater UCC campus. The bicycles can be booked in advance or may be collected spontaneously (availability provided) at one of the CampusBike stations.

UCC CampusBikes is part-funded by the Department of Transport's SmarterTravel fund. *smartertravel >>>*
