

Ionad Bairre: Autumn 2009 Seminars

Ionad Bairre is coordinating a number of 'open' lunchtime seminars during November. These are informal sessions designed to stimulate debate and share ideas.

These seminars are open to all staff and postgraduate students who are involved in the support of teaching and learning. A light lunch is provided at each session.

Please take note of the venue for each session. More information will be posted to the website when available. <http://www.ucc.ie/en/teachingandlearning>

(The seminars are in addition to the accredited courses for staff and postgraduate students).

Date	Presenter	Title
