

## **PROFILES AT ISTA CONFERENCE**

A PROFILES dissemination workshop was held as part of the Annual Conference of the Irish Science Teachers' Association which was held in University College Cork from 27th - 29th March 2015. The conference was attended by over 300 science teachers from all over Ireland with delegates from England, Scotland, USA and Indonesia also attending.

The workshop was conducted by Simon Hill, John Lucey and Dr Declan Kennedy in the laboratories of the Eureka Centre for Science Education and was attended by a large numbers of teachers who were very impressed with the ten PROFILES modules developed by the UCC - ICASE team in UCC. Guest of honour at the workshop and also at the ICASE symposium on science education where the PROFILES project was discussed was Professor Teresa Kennedy, President of ICASE.
