qualifications@creditunion.ie

Founded in 1845, University College Cork has a long tradition of excellence in scholarship and education. Ranked as one of the top 2% of universities in the world, UCC was recently named The Sunday Times 'University of the Year' for a record-breaking fourth time in the past decade. UCC has been committed to adult and continuing education for over a century and has been involved in credit union education and research for the past 25 years.

Student Testimonials:

The Pathways Programmes are progressive, innovative and enjoyable. Pathways students can be certain of receiving first class tuition from a panel of highly experienced and exceptionally motivated tutors. As all programme content is credit union specific, students can develop competencies in key areas relevant to their role whilst also increasing their credit union knowledge and skills. A blend of classroom and distance based learning provides top quality teaching in a flexible manner to suit all students. Pathways is the only path in my opinion.

My experience of the Pathways Credit Union Programme has been very positive. It has been a fantastic aid to my career progression within the movement and has lead me to a management position after just two years of study! I have found the Diploma programme to be engaging with a hands-on approach to learning.

Melanie Jean Cleary,
Marketing & Business Development
Dundrum Credit Union,
Dublin

Clive Davis,
People First Credit Union

Exemption Information

For credit union officers holding qualifications which relate to financial services and/or credit unions, exemptions will be granted where the existing qualification covers content relevant to the programme/module for which an exemption is sought.
