AOIFE MC GILLICUDDY – SCHOOL OF PHARMACY

Conference Attended: European Society of Clinical Pharmacy (ESCP) International Workshop, Location: Leiden, the Netherlands, 15-16 June 2017

I attended the European Society of Clinical Pharmacy's International Workshop in Leiden in the Netherlands. Attendance at this conference provided me with an excellent opportunity to present my research to an international audience and to gain valuable feedback and insights from colleagues.

In addition, the theme of the conference centred on extending responsibilities for pharmacists in the treatment of acute and chronic conditions, and I was able to attend a number of interesting workshops which will be of benefit to me in my research and future career.

Thank you to the COMH for this opportunity.
