

JOHN HASTINGS

School of Clinical Therapies

Training course attended:

XX International Oral History Association Conference -
University of Jyväskylä, 18th – 21st June 2018

I would like to thank COMH for awarding me this travel bursary to attend a Finnish conference with its rich theme of 'Memory and Narration'. This event brought together a range of experts to discuss the complex and multidimensional nature of oral history, as well as methodological issues concerning the production and analysis of oral histories and life stories. This was my first delivery of a presentation to an international audience and I joined other presenters in igniting lively and insightful debates. This really helped me appreciate the interdisciplinary application of my narrative inquiry within a wider context.

Thank you.
