MIRIAM BELL – SCHOOL OF NURSING AND MIDWIFERY

Conference Attended: International Congress of Nursing (ICN) Conference, Location: Barcelona, Spain, 27th – 30th May

My oral presentation took place on the afternoon of the 30th May. The session was attended by Professor Geraldine McCarthy, primary doctoral supervisor. It was the first of eight presentations in the concurrent session. Presentations included topics such as ‘moral distress in nurses in Swiss-German acute care hospitals: the development of a new questionnaire’ presented by a Director of Nursing from University Hospital Basel, and ‘a scoping review of the registered nurses psychological capital literature’ presented by a Finnish researcher. The opportunity to attend the conference and present was highly beneficial as I got to speak and meet nurse researchers from health services globally.
