University College Cork, Ireland

Graduate School,  
College of Medicine and Health

## **MUTAHIRA LONE- Department of Anatomy and Neuroscience**

**Conference attended:** Experimental Biology 2016 meeting, April 2-6, 2016, San Diego.

I would like to thank the College of Medicine and Health for the travel grant which facilitated me to attend the EB- AAA conference and present my research as a scientific poster to international peers.

The theme of this symposium was based on anatomy education research which was relevant to my own research area. The talks and workshops offered insight and opportunity to see the research and educational methods employed in different parts of the world. I presented a poster on my research and obtained positive feedback.

It was a wonderful networking experience.
