## **NICOLA RONAN – Department of Obstetrics & Gynaecology**

**Conference attended:** North American Cystic Fibrosis Conference (NACFC), Phoenix, Arizona, USA - 8/10 October 2015

I am very appreciative of this travel bursary which facilitated my attendance at the 29<sup>th</sup> North American Cystic Fibrosis Conference in Phoenix. The NACFC is the largest worldwide annual-scientific-meeting in Cystic Fibrosis (CF).

While at the NACFC conference I had the opportunity to attend a short course on advanced drug therapy for CF in addition to workshops and symposia on the latest developments in CFTR modulation which will be invaluable to my ongoing development.

Attendance at NACFC offered me the opportunity to present our research thus enhancing my presentation skills. I also received invaluable peer feedback on the content of my on-going research.

Many thanks to the COMH for this opportunity to receive unrivalled state-of-the-art medical and research education on cystic fibrosis and for networking with other clinicians and scientists.
