INDRA SAN LAZARO CAMPILLO – Department of Obstetrics & Gynaecology

Conference Attended: The Association of Early Pregnancy Units (AEPU) Annual Scientific Meeting 2017. **Location:** Warwick, UK – 9th-10th November 2017

The aim of my research is to reduce stress and anxiety in pregnant women with a history of miscarriage. Thanks to the College of Medicine and Health Travel Bursary I was able to attend the above conference which is one of the few annual meetings that focus on miscarriage and ectopic pregnancy. This year, the conference had a session dedicated to psychological and emotional support interventions for women who experience pregnancy loss. I had the opportunity to present the results of my research to a specialised audience and to gain valuable feedback on how to improve my research.
