SEIF YAHIA SALAH EL HADIDI - School of Pharmacy

Conference Attended: Heart Failure Association (Hfa) – European Society of Cardiology (Esc) Congress, Paris, France 2017 – 29th April – 2nd May 2017

The benefits were three-fold from this conference: -

Education:

- It updated my clinical knowledge regarding the new trending research in heart failure diseases
- I attended a workshop about advanced life support and cardio-pulmonary resuscitation.

Research:

- I got very positive feedback about my two posters.
- My two posters are published in the European Journal of Heart Failure (IF= 5.13)
- It was a golden opportunity for networking with notable professors, doctors and peers working in the same area of research but of different perspectives and cultures.

Personal:

- It improved my presentation skills and capability to explain my research in English, French and Arabic and also, in scientific and plain languages.
