Conference Attended:

45th Annual Meeting & Exposition of the Controlled Release Society (CRS). July 22–24, 2018. New York Hilton, Midtown, New York, New York, U.S.A.

I attended the 2018 CRS annual meeting in New York, U.S.A. I had the opportunity to deliver my research as an oral presentation at one of the premier conferences in the field of drug delivery and controlled release. Presenting here was without a doubt beneficial to communicating my research and strengthening my oratory.

I had the pleasure of attending plenary talks by Drs Kinam Park, Rakesh Jain, and Molly Stevens; Luminaries in their respective fields.

I attended a series of workshops aimed at young scientists, that focused on professional development and networking skills.

For this, I would like to thank CoMH for the opportunity.
