- Independent Study

# Clinical Therapies

Our post-graduate programmes are:

- Flexible (full or part-time)
- Modular (offering stand alone CPD modules)
- Taught (D.OccT)
- By Research (MSc Research, PhD)

## Doctoral Programmes: PhD, Professional Doctorate

### PhD

We offer specialist supervision and research opportunities to Clinical Therapists from the three professional disciplines. Our on-site clinics provide opportunities for client contact and research.

### Doctor of Occupational Therapy (D.Occ.T)

The D.Occ.T is a three-year full time or six-year part-time professional doctorate programme, consisting of taught modules amounting to 210 credits and a thesis. All students are allocated a supervisor appropriate for their research area or the specific topic of their study.

### Entry requirements

A primary professional qualification, a Masters degree and for the D.Occ.T, five years of professional practice experience.

Duration: **3 years full-time or 6 years part-time**

CAO Codes: **CKZ63** Full-time | **CKZ64** Part-Time
