

# Workings of a Multi-Disciplinary Engineering Design Team

**DATE:** Wednesday 28<sup>th</sup> October 2015, at 7:00pm

**LOCATION:** Rochestown Park Hotel, Rochestown Rd, Cork

**CONTACT:** Chris O'Donnell, PM Group [chris.odonnell@pmgroup-global.com](mailto:chris.odonnell@pmgroup-global.com),  
[YES@engineersirelandcork.ie](mailto:YES@engineersirelandcork.ie), or Denis Ring, [d.ring@ucc.ie](mailto:d.ring@ucc.ie)

**CONTRIBUTION:** Free. Event is open to non-members.

**BOOKING:** Registration can be completed following link or on the night.  
<http://reg-pm-ie-i-cheme-event.eventbrite.ie>

**ABOUT:** PM Group, Engineers Ireland Young Engineers Society (Cork Region) and the All Ireland Member Group of the IChemE will host an information evening of interest to engineers of all disciplines. On the night, the attendee will hear information about PM Group as an organisation, sectors in which PM Group operates and examples of some flagship projects, past and present. The attendee will also hear a presentation on the '*Workings of a Multidisciplinary Engineering Design Team*', which will aim to highlight the key stages of a multidiscipline design project and the interactions which take place among the various disciplines.

**ABOUT PM:** PM Group was established in 1973 and has grown to become one of the most respected engineering design, architecture, project and construction management firms in the world.

In business for over 40 years, PM have 2,100 experienced team members based in 18 locations worldwide.

PM Group collaborates with many of the world's leading private companies and major public sector organisations. Right now PM Group is involved with projects in 30 countries throughout Europe, Asia, the USA and the Middle East.

**ABOUT YES:** [Engineers Ireland Young Engineers Society \(Cork\)](#) is a voluntary committee which aims to promote the engineering profession to students and young engineers.

**ABOUT IChemE:** The [IChemE All Ireland Members Group \(AIMG\)](#) has been established to serve chemical engineers and co-ordinate activities on the island of Ireland.
