

School of Pharmacy

Postgraduate Research Programmes

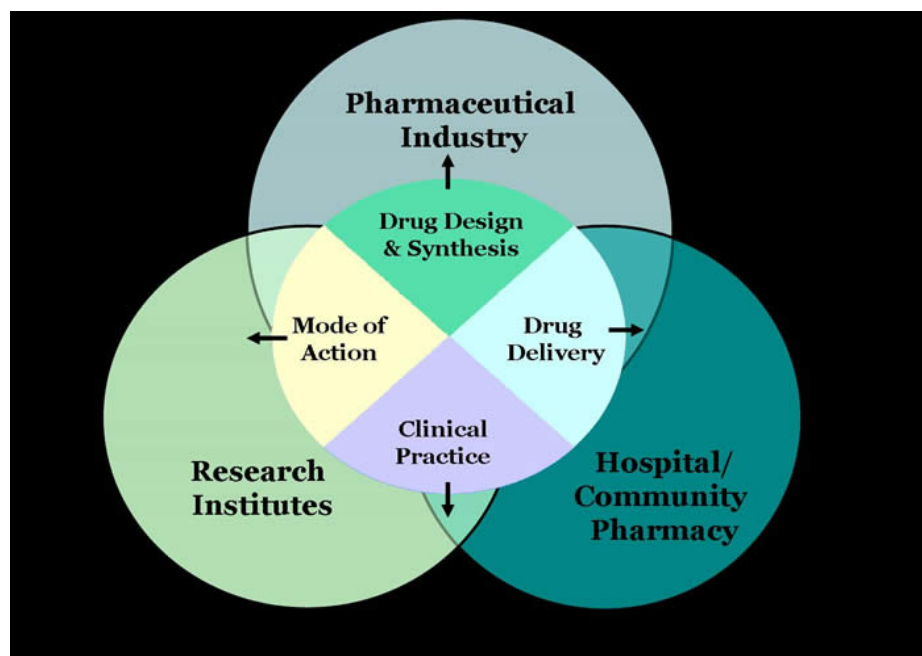

MSc and PhD by research in all of the pharmaceutical sciences

Applications are invited from Irish, EU and Non-EU nationals for MSc and PhD studentships. These research degrees are available to students on a full time and part time basis. The main research groups within the School of Pharmacy are as follows:

- Clinical Pharmacy/Pharmacy Practice
- Medicinal & Pharmaceutical Chemistry
- Pharmaceutics & Pharmaceutical Biotechnology
- Pharmacology

This allows for interdisciplinary research within the School and the University to be undertaken. External research collaborations also exist with the Pharmaceutical Industry, and other Universities.

Financial support in the form of studentships covering fees and living costs may be available.

For details on application process see web page <http://www.ucc.ie/pharmacy>
