Welcome to UCC and thank you for your interest in the Celtic Civilisation programme!

This brochure will give you information about our first-year modules and about the programme as a whole, along with relevant practical details.

WELCOME TO FIRST YEAR CELTIC CIVILISATION AT UCC!

Celtic Civilisation offers you a broad, innovative perspective on early Irish culture. Requiring no previous knowledge or language skills, this course brings to life a rich world of myth, legend, poetry, history and tradition, revealing Ireland's place in ancient and medieval Europe as well as its links with other Celtic regions. It complements courses in related areas such as archaeology, folklore, history or Irish language. Moreover, it provides you with interdisciplinary and analytical skills which are widely transferable.

Modules in year 1 provide you with a comprehensive overview of the origins and inherited ideology of the Celtic peoples, and introduce you to the rich, vital and violent world of medieval Celtic saga.

Modules in year 2 provide close readings of tales of the greatest Irish saints, and of the hero Finn and his companions, and offer insightful investigations of aspects of the culture including poetic sensibility, gender roles and the structure of society.

Year 3 considers the connections between the various Gaelic peoples of these islands, and medieval Irish spirituality, while also engaging in the close reading of some of the great works of medieval Irish and Welsh literature. At this point, it is also possible for you to embark on study of Early Irish language and to learn how to decipher medieval manuscripts.
