

Transition Year Project & Essay Competition

If you are interested in discovering the relation between tooth health and the environment, why not join us for this essay competition, win a prize and lots

Theme

The subject to be addressed is an essay on Tooth-Colored Dental Filling Materials and the environment.

Lets take you to a quick trip

Are you a person who loves picnics and spending time outdoors? Walking along the coast on a beautiful sandy beach enjoying the sunshine, blue skies, hot sands, collecting amazing seashells? ! Now its photo time to record this beautiful image, everybody say cheese! click!

Now lets take a deeper look at the photo, big smiles and grinning teeth, how do they look? Are they healthy looking, clean and

Brain storm

Can you imagine these beautiful teeth in connection to the environment? Have you ever thought how our teeth and oral health can be related to the environment? Have you ever thought about a dental filling ? What do you think about the filling material? How it can be related to our beautiful surroundings? What type of association exists between the Environment and our oral health?

What do you think? Are you interested?

Perfect!

Easy to start...

The competition includes two sections:

To help you consider the topic, three guideline questions are provided.

The answers to these questions can be incorporated in to your essay.

Guidelines

- * How do you describe the environment and wild life? And what does the environment mean to you?
- * What do oral health and dentistry mean to you?
- * What do you know about the **Environmental Protection Agency (EPA)** and their activity?
- * How could the whole three questions be
