

School of Clinical Therapies mapping results

Researchers were asked to identify the main SDGs, at goal and target level, that their research contributes to.

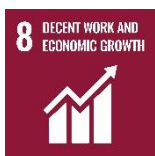

SDG 3 – Good Health and Well-being

- Target 3.4 – Reduce mortality from non-communicable diseases and promote mental health
- Target 3.8 – Achieve universal health coverage
- Target 3.d – Improve early warning systems for global health risks

SDG 4 – Quality Education

- Target 4.1 – Free primary and secondary education
- Target 4.2 – Equal access to quality pre-primary education
- Target 4.3 – Equal access to affordable, technical, vocational and higher education
- Target 4.4 – Increase the number of people with relevant skills for financial success
- Target 4.5 – Eliminate all discrimination in education
- Target 4.6 – Universal literacy and numeracy
- Target 4.7 – Education for sustainable development and global citizenship

SDG 8 – Decent Work and Economic Growth

- Target 8.5 – Full employment and decent work with equal pay
- Target 8.6 – Promote youth employment, education and training

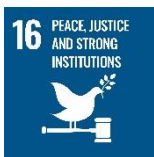

SDG 10 – Reduced Inequalities

- Target 10.2 – Promote universal social, economic and political inclusion
- Target 10.3 – Ensure equal opportunities and end discrimination

SDG 11 – Sustainable Cities and Communities

- Target 11.7 – Provide access to safe and inclusive green and public spaces

SDG 16 – Peace, Justice and Strong Institutions

- Target 16.7 – Ensure responsive, inclusive and representative decision making
