STSM applications – last chance

Our COST Action will end with the Final Network Meeting in Bled, Slovenia 30 March - 3 April 2014. Closing the Action brings Short Term Science Missions (STSMs) to an end. We can still finance a few (1-2) STSMs, and Early Stage Researchers (PhD students or those obtained PhD less than 8 years ago) are encouraged to apply.

Applications are to be emailed to me (ehideg@gamma.ttk.pte.hu), cc: UV4growth MC Chair Marcel Jansen (M.Jansen@ucc.ie) and uvforgrowth@gmail.com.

Your application should contain:

- the STSM application form (generated by COST after registration online)
- the applicant's CV
- the applicant's publication list
- a motivation letter
- a detailed work plan
- a letter of acceptance from the host laboratory

In addition, the application may contain a letter of support from the applicant's home institution.

Application deadline: 10th of February, 2014.

Please note that the STSM should be completed and your report sent to us by the 30th of March.

More details at: <http://www.ucc.ie/en/uv4growth/exchanges/application/>
