Modules/Subjects

“At CBS, we are able to offer a wide range of courses to our exchange students. CBS offers many cross-disciplinary courses that are unique in combination, and we are known for offering a bridge to expand the understanding of business within society.”

“Danish is the national language of Denmark. Due to our education system and close geographical and historical relation to the UK, however, communicating in English is relatively easy in the Greater Copenhagen Area. However, in order to make your time in Denmark easier, you might find it useful to learn some Danish. It is especially important if you are considering working in Denmark.

All international students can enrol in free Danish lessons. According to Danish law, the Danish municipalities pay language tuition for a period of up to three years for qualifying individuals.”

As an Erasmus student at CBS, you have several options for learning Danish:
- Credit-bearing course
- Non-credit-bearing courses with IA Sprog
- Other opportunities

Grading System

The 7-point grading scale came into force by law as of August 2007 and is used by all Danish state-regulated education, including university programs. The grading scale has been designed to be compatible with the European ECTS-grading scale.
Apart from the 7-point grading scale, pass/fail assessment may also be used. Note that a 02 is the minimum grade for passing an exam.
