1. **Research Interest**: Please give an account of a research area you are interested in and how you might address it as a Master’s thesis (at least 400 words). Please note that this question is designed to help us get a sense of your research interests and your ability to identify a research problem and design a study to address it. It is not a commitment to that specific research question in a Masters thesis.

2. Please outline your reasons for Applying to the Course

3. Please Include Any Other Relevant Information (if applicable):

4. The name and contact details (address, email and telephone number) of a referee will be required and may be contacted at selection stage

5. Please confirm that your qualification(s) in Psychology satisfy the eligibility requirements of the Psychological Society of Ireland or other country national equivalent (e.g. BPS or APA). (Yes/No)

6. Please state which Psychological Society/Body your qualification is recognised by (e.g. PSI in Ireland, BPS, APA or other country national equivalent)
