UCC Green University: New BSc Sustainability

A World Leader in Sustainability

At UCC, we're proud to be Ireland's leading university for sustainability. For over 15 years, we've worked with our students to put sustainability at the heart of teaching, research, and campus life. Today, UCC is recognised worldwide for taking real action to protect our environment and society.

Our Green Campus Committee and Green Forum bring students and staff together to make sustainability part of everyday life at UCC.

Major firsts:

- ✓ First university in the world to be awarded Green Campus status and the Green Flag by the Foundation for Environmental Education and An Taisce.
- ✓ First university outside North America to earn the STARS Platinum Award for sustainability.
- ✓ First university in Ireland to go plastic-free, eliminating single-use bottles and cups, preventing nearly 3 million disposable cups from going to landfill.

Students are at the heart of everything we do. From leading Green Week, supporting biodiversity in our Community Garden, and carrying out biodiversity surveys, to sitting on decision making committees, UCC students are shaping the university's future.

At UCC, your voice matters. Whether you join a project, volunteer in the garden, or take on a leadership role, you'll be part of a university that isn't just talking about sustainability but showing the world what's possible.

NEW in 2026: BSc in Sustainability

Launched in 2026, this new degree gives students a broad understanding of today's sustainability challenges across environmental, social, and economic areas. You'll develop the skills to work with communities, industry, and government to drive real change, locally and globally.

Equality, Diversity and Inclusion

Everyone Belongs at UCC.

At UCC, you'll find a community where everyone is welcome. We're committed to fairness, inclusivity, and equal opportunities for all. UCC seeks to foster a positive environment where every student feels they belong, can flourish, and have the chance to reach their full potential.

both staff and student bodies, to raise awareness, develop policy and drive equity initiatives, such as the Athena SWAN Project, the Speak Out reporting tool, the Race Equality Forum and the Sanctuary Scholarships.

Speak Out

Speak Out is an online tool which provides a safe and secure platform for both staff and students to anonymously report incidents they have experienced or witnessed including bullying, cyber bullying, harassment, discrimination, coercive behaviour, control, stalking, assault, sexual harassment, sexual assault or rape. www.ucc.ie/en/edi/speakout/

The Equality, Diversity and Inclusion (EDI) Unit

The EDI Unit in UCC was established to assist the university in achieving this mission; to enable students and staff to be proactive about equality issues, to fight discrimination, and to celebrate differences.

The Unit works with other EDI-related units such as Access, DSS, UCC Plus+, Inclusive UCC, the University of Sanctuary Working Group, student clubs and societies and the UCCSU, and across

Clubs: Find Your Tribe

At UCC, sport is for everyone.

Whether you're a complete beginner or a seasoned competitor, our sports clubs are here to welcome you. With options ranging from aikido to volleyball, rugby to swimming, there's a place for you to try something new or to dedicate yourself to the sport you love.

Joining a club isn't only about what happens on the pitch or the track. It's about being part of a community. You might bring valuable skills to a club committee, or you might prefer to cheer from the sidelines as part of the skull and bones tribe. However you get involved, you'll find opportunities to connect, learn, and grow. **At UCC, sport is about finding your people. We hope you'll discover your tribe here.**

Societies: Explore Your Interests

With more than 100 societies on campus, there's a society for everyone.

From pop culture to politics, music, gaming, social justice, and everything in between, societies give you the chance to dive into your passions or try out something completely new.

The best part? You don't need to be an expert. Whether you're there for the big events, the

casual meet-ups, or just to make new friends, societies are all about finding your people and having fun along the way.

No matter what you're into, there's a society that will make you feel at home.
