Carrying Forward of Marks Towards Final Degree Award:	Programme-based: The aggregate of 33.33% of Year 2 and 66.66% of Year 3 (or 33.33% of Year 3 and 66.66% of Year 4 in a 4-year programme, except where that programme contains a Year Abroad) will be used to calculate the final degree mark, providing that both years have been passed independently. Subject-based: The aggregate of 33.33% of each subject in Year 2 and 66.66% of each subject in Year 3 will be used to calculate the final degree mark, providing that both years have been passed independently. For those programmes containing a Year Abroad, the marks achieved during that year abroad will not be considered for calculation of the final degree award. The final degree award will be calculated from an aggregate of 33.33% of marks achieved/in each subject in year 2 and 66.66% of marks achieved/in each subject in year 4 (as appropriate), providing both years have been passed independently. Geography: the mark in the BA (Hons) Degree is the combination of the aggregate marks achieved in the Second Arts and BA (Hons) Degree Examinations, in the following proportions, provided that both years have been passed independently: Second Arts 20% of 600 marks, BA (Hons) Degree 80% of 600 marks.
Exemptions:	All passed modules carry an exemption, which is limited to a period of 5 academic years subsequent to the award of the exemption.
Supplemental Examinations:	Supplemental Examinations for Semesters 1 and 2 will be held in August (Autumn). Please refer to the Book of Modules for requirements governing the Autumn Supplemental Examination for individual modules. <i>Note: For some modules there is no Supplemental Examination.</i> Students who fail to achieve the pass standard for the year at the Summer Examination must repeat all failed/absent modules at the Supplemental Examination, where there is provision to do so and if not disallowed by the Examination Board or in a Repeat Year (see below). Marks from all passed modules are carried forward to the Supplemental Examination. The pass/progression rule is then applied to the combination of marks carried forward in passed modules and marks achieved in repeated modules. Capping of Marks at a Supplemental Examination: In determining aggregation and progression, the maximum mark that will be taken into account is a pass 40%. The actual mark achieved by the candidate will be recorded on the student record.
Repeat Year Examinations:	Students repeating the year may do so choosing whichever of the two following mechanisms best suits his/her requirements. Note: Students are eligible for the award of Honours in the first Repeat Year only. Final Year students wishing to repeat the year with a view to improving their degree result may do so only if they have not been conferred. 1. Students retain exemptions, if any, and must repeat all failed/absent modules. In determining aggregation and progression, full marks achieved in modules passed at the Summer Examination in the first attempt year plus capped marks achieved in modules in Supplemental and Repeat Year Examinations are used. <i>Note: For students selecting different modules not previously taken, there are no restrictions on the marks awarded for those modules at the Summer Examination of a Repeat Year.</i>

	2. Students may repeat the year taking the full 60 credits. In determining aggregation and progression, there is no restriction on the marks awarded for modules at the Summer Examination of the Repeat Year. Modules taken at the subsequent Supplemental Examination are capped at the pass mark. <u>Subject to capacity, all students – whether they have failed or passed – are allowed to choose this option in an attempt to improve their grade.</u> In the case of a candidate choosing option 2 who failed the first attempt year and who also fails a Repeat Year as a result of failing module(s) already passed in a previous year, a pass for the year will be awarded by the Examination Board, provided the student achieves the Pass and Progression Standard for the year on the combined results from both years. In the case of candidates choosing option 2 who had already passed in their first attempt year but who fail the examination in a Repeat Year as a result of failing module(s) already passed in a previous year the original programme level judgement and associated marks will be awarded by the Examination Board.
<i>Three Year Rule:</i>	Candidates must pass within 3 academic years of the date of first registration for Third Year, otherwise they cannot continue in the programme.

For those programmes containing a Year Abroad, the marks achieved during that year abroad will not be considered for calculation of the final degree award. The final degree award will be calculated from an aggregate of 33.33% of marks achieved/in each subject in year 2 and 66.66% of marks achieved/in each subject in year 4 (as appropriate), providing both years have been passed independently.
<i>Exemptions:</i>	All passed modules carry an exemption, which is limited to a period of 5 academic years subsequent to the award of the exemption.

<i>Supplemental Examinations:</i>	Supplemental Examinations for Semesters 1 and 2 will be held in August (Autumn). Please refer to the Book of Modules for requirements governing the Autumn Supplemental Examination for individual modules. <i>Note: For some modules there is no Supplemental Examination.</i> Students who fail to achieve the pass standard for the year at the Summer Examination Board must repeat all failed/absent modules at the Supplemental Examination, where there is provision to do so and if not disallowed by the Examination Board, or in a Repeat Year (see below). Marks from all passed modules are carried forward to the Supplemental Examination Board. The pass/progression rule is then applied to the combination of marks carried forward in passed modules and marks achieved in repeated modules. Capping of Marks at a Supplemental Examination: In determining aggregation and progression, the maximum mark that will be taken into account is a pass 40%. The actual mark achieved by the candidate will be recorded on the student record.
<i>Repeat Year Examinations:</i>	Students repeating the year may do so choosing whichever of the two following mechanisms best suits his/her requirements. 1. Students retain exemptions, if any, and must repeat all failed/absent modules. In determining aggregation and the calculation of the award of honours, full marks achieved in modules passed at the Summer Examination in the first attempt year plus capped marks achieved in modules in Supplemental and Repeat Year Examinations are used. <i>Note: For students selecting different modules not previously taken, there are no restrictions on the marks awarded for those modules at the Summer Examination of a Repeat Year.</i> 2. Students may repeat the year taking the full 60 credits. In determining aggregation and the calculation of the award of honours, there is no restriction on the marks awarded for modules at the Summer Examination of the Repeat Year. Modules taken at the subsequent Supplemental Examination are capped at the pass mark. <u>Subject to capacity, all students – whether they have failed or passed – are allowed to choose this option in an attempt to improve their grade.</u> In the case of a candidate choosing option 2 who failed the first attempt year and who also fails a Repeat Year as a result of failing module(s) already passed in a previous year, a pass for the year will be awarded by the Examination Board, provided the student achieves the Pass Standard for the year on the combined results from both years. <i>Exemptions:</i>	All passed modules carry an exemption, which is limited to a period of 5 academic years subsequent to the award of the exemption.
<i>Supplemental Examinations:</i>	Supplemental Examinations for Semesters 1 and 2 will be held in August (Autumn). Please refer to the Book of Modules for requirements governing the Autumn Supplemental Examination for individual modules. <i>Note: For some modules there is no Supplemental Examination.</i> Students who fail to achieve the pass standard for the year at the Summer Examination must repeat all failed/absent modules at the Supplemental Examination, where there is provision to do so and if not disallowed by the Examination Board, or in a Repeat Year (see below). Marks from all passed modules are carried forward to the Supplemental Examination. The pass/progression rule is then applied to the combination of marks carried forward in passed modules and marks achieved in repeated modules. Capping of Marks at a Supplemental Examination: In determining aggregation and progression, the maximum mark that will be taken into account is a pass 40%. The actual mark achieved by the candidate will be recorded on the student record.

Repeat Year Examinations:	Students repeating the year may do so choosing whichever of the two following mechanisms best suit their requirements. Note: Students are eligible for the award of Honours in the first Repeat Year only. Final Year students wishing to repeat the year with a view to improving their degree result may do so only if they have not been conferred. 1. Students retain exemptions, if any, and must repeat all failed/absent modules. In determining aggregation and progression, full marks achieved in modules passed at the Spring/Summer Examinations in the first attempt year plus capped marks achieved in modules in Supplemental and Repeat Year Examinations are used. Note: for students selecting different modules not previously taken, there are no restrictions on the marks awarded for those modules at the Summer Examination of a Repeat Year. 2. Students may repeat the year taking the full 60 credits. <i>Note: For certain modules there is no provision for a Repeat Year Examination.</i> In determining aggregation and progression, there is no restriction on the marks awarded for modules at the Summer Examination of a Repeat Year. Modules taken at the subsequent Supplemental Examination are capped at the pass mark. All students – whether they <u>have failed or passed</u> – are allowed to choose this option in an attempt to improve their grade. In the case of candidate choosing option 2 who failed the first attempt year and who also fails a Repeat Year as a result of failing module(s) already passed in the previous year, a pass for the year will be awarded by the Examination Board, provided the student achieves the Pass and Progression Standard for the year on the combined results from both years. In the case of candidates choosing option 2 who had already passed in their first attempt year but who fail the Examination in a Repeat Year as a result of failing module(s) already passed in a previous year, the original programme level judgement will be awarded by the Examination Board.
Three Year Rule:	Candidates must pass/progress within 3 academic years of the date of first registration for Second Year, otherwise they cannot continue in the programme.

Students passing the Degree Examination (i.e. 40% and above but less than 50% with an aggregate of not less than 480/1200 marks) but not achieving the required standard for the award of honours will be awarded a pass. For the regulations governing the award of Honours in a Repeat Year, see below.

<i>Carrying Forward of Marks Towards Final Degree Award:</i>	The mark in the BA (Hons) Degree is the combination of the aggregate marks achieved in the Second Arts (Applied Psychology) and the BA (Applied Psychology) degree examinations, in the following proportions, provided that both years have been passed independently: Second Arts (Applied Psychology) 33.33% of 1200 marks, BA (Applied Psychology) Degree 66.66% of 1200 marks.
<i>Exemptions:</i>	All passed modules carry an exemption, which is limited to a period of 5 academic years subsequent to the award of the exemption.
<i>Supplemental Examinations:</i>	Supplemental Examinations for Semesters 1 and 2 will be held in August (Autumn). Please refer to Book of Modules for requirements governing the Autumn Supplemental Examination for individual modules. Note: For some modules there is no Supplemental Examination. Students who fail to achieve the pass standard for the year at the Summer Examination Board must repeat all failed/absent modules at the Supplemental Examination, where there is provision to do so and if not disallowed by the Examination Board, or in a Repeat Year (see below). Marks from all passed modules are carried forward to the Supplemental Examination Board. The pass/progression rule is then applied to the combination of marks carried forward in passed modules and marks achieved in repeated modules. Capping of marks at Supplementary Examination: In determining aggregation and progression, the maximum mark that will be taken into account is a pass 40%. The actual mark achieved by the candidate will be recorded on the student record.
<i>Repeat Year Examinations:</i>	Students repeating the year may do so choosing whichever of the two following mechanisms best suits his/her requirements. Note: Students are eligible for the award of Honours in the first Repeat Year only. Final Year students wishing to repeat the year with a view to improving their degree result may do so only if they have not been conferred. 1. Students retain exemptions, if any, and must repeat all failed/absent modules. In determining aggregation and the calculation of the award of honours, full marks achieved in modules passed at the Summer Examination in the first attempt year plus capped marks achieved in modules in Supplemental and Repeat Year Examinations are used. Note: For students selecting different modules not previously taken, there are no restrictions on the marks awarded for those modules at the Summer Examination of a Repeat Year. 2. Students may repeat the year taking the full 60 credits. In determining aggregation and the calculation of the award of honours, there is no restriction on the marks awarded for modules at the Summer Examination of the Repeat Year. Modules taken at the subsequent Supplemental Examination are capped at the pass mark. Subject to capacity, all students – whether they have failed or passed – are allowed to choose this option in an attempt to improve their grade. In the case of a candidate choosing option 2 who failed the first attempt year and who also fails a Repeat Year as a result of failing module(s) already passed in a previous year, a pass for the year will be awarded by the Examination Board,

	provided that the student achieves the pass standard for the year on the combined results from both years. In the case of candidates choosing option 2 who had already passed or got honours in their first attempt year but who (i) fail the examination in a Repeat Year as a result of failing module(s) already passed in a previous year or (ii) fail to qualify for a higher class of honours at the second attempt, the original programme level judgement and associated marks will be awarded by the Examination Board.
<i>Three Year Rule:</i>	Candidates must pass within 3 academic years of the date of first registration for Third Year otherwise they cannot continue in the programme.

BA (HONS) GEOGRAPHICAL AND ARCHAEOLOGICAL SCIENCES INTERNATIONAL DEGREE	
Third University Examination in Arts Geographical and Archaeological Sciences International (Year Abroad Students)	
This year is spent studying in a university abroad. Students will be assessed by their host university.	
<i>Time:</i>	A pass/fail judgement for the Year Abroad will be forwarded to the Autumn Examination Board. For students failing to achieve the pass mark there will be a Winter Supplemental Examination with marks going to the Winter Examination Board.
<i>Pass and Progression Standard (programme level):</i>	In 4-year degrees, in which students spend a year abroad as part of the programme, Year 3 (the Year Abroad) is marked PASS/FAIL, applying standards determined by their host institution with agreement of the relevant academic units in CACSSS. No exemptions are permitted during the Year Abroad. Where a programme includes a year spent studying in another University, students will be assessed by their Host University. A PASS/FAIL judgement will be presented to the autumn Examination Board. Honours are not awarded in the Year Abroad. To pass the year abroad and progress to the subsequent year, a candidate must achieve a pass standard as applied by the Host Institution on a set of modules approved by the Host Institution. Marks achieved in the Year Abroad will not be considered in the calculation of the final degree award. For students failing to achieve a pass mark, there will be a winter Supplemental Examination on equivalent course content and a winter Examination Board, both held in UCC. The Supplemental examination assessment type will be prescribed by the appropriate academic unit, (see <i>Supplemental Examinations</i> below).
<i>Honours:</i>	Honours are not awarded in the Year Abroad.
<i>Supplemental Examinations:</i>	Students who fail at the Autumn Examination Board will be required to submit an extended essay (or equivalent) in UCC. Students should consult with the relevant Department. The maximum mark awarded will be 40%.

<i>Carrying Forward of Marks Towards Final Degree Award:</i>	Marks from Second Year are carried forward towards the Final Degree mark in the following subjects and in the following proportions, where the subjects listed are 50-credit Subjects: Archaeology, Economics, Philosophy and Politics: the mark in the BA (Hons) Degree is the combination of the aggregate marks achieved in the Second Arts and BA (Hons) Degree Examinations, in the following proportions, provided that both years have been passed independently: Second Arts 33.33% of 1000 marks, BA (Hons) Degree 66.66% of 1000 marks. History of Art, and Religions and Global Diversity and Sociology: the mark in the BA (Hons) Degree is the combination of the aggregate marks achieved in the Second Arts and BA (Hons) Degree Examinations, in the following proportions, provided that both years have been passed independently: Second Arts 20% of 1000 marks, BA (Hons) Degree 80% of 1000 marks. English: The mark in the BA (Hons) Degree is the combination of the aggregate marks achieved in the Second Arts and BA (Hons) Degree Examinations, in the following proportions, provided that both years have been passed independently: Second Arts 33.33% of 1000 marks, BA (Hons) Degree 66.66% of 1000 marks.
<i>Exemptions:</i>	All passed modules carry an exemption, which is limited to a period of 5 academic years (or 2 in the case of Computer Science modules) subsequent to the award of the exemption.
<i>Supplemental Examinations:</i>	Supplemental Examinations for Semesters 1 and 2 will be held in August (Autumn). Please refer to the Book of Modules for requirements governing the Autumn Supplemental Examination for individual modules. <i>Note: For some modules there is no Supplemental Examination.</i> Students who fail to achieve the pass standard for the year at the Summer Examination Board must repeat all failed/absent modules at the Supplemental Examination, where there is provision to do so and if not disallowed by the Examination Board, or in a Repeat Year (see below). Marks from all passed modules are carried forward to the Supplemental Examination Board. The pass/progression rule is then applied to the combination of marks carried forward in passed modules and marks achieved in repeated modules. Capping of Marks at a Supplemental Examination: In determining aggregation and progression, the maximum mark that will be taken into account is a pass 40%. The actual mark achieved by the candidate will be recorded on the student record.
<i>Repeat Year</i>	Students repeating the year may do so choosing whichever of the two

<i>Examinations:</i>	following mechanisms best suits his/her requirements. 1. Students retain exemptions, if any, and must repeat all failed/absent modules. In determining aggregation and progression, full marks achieved in modules passed at the Summer Examination in the first attempt year plus capped marks achieved in modules in Supplemental and Repeat Year Examinations are used. <i>Note: For students selecting different modules not previously taken, there are no restrictions on the marks awarded for those modules at the Summer Examination of a Repeat Year.</i> 2. Students may repeat the year taking the full 60 credits. In determining aggregation and progression, there is no restriction on the marks awarded for modules at the Summer Examination of the Repeat Year. Modules taken at the subsequent Supplemental Examination are capped at the pass mark. <u>Subject to capacity, all students – whether they have failed or passed – are allowed to choose this option in an attempt to improve their grade.</u> In the case of a candidate choosing option 2 who failed the first attempt year and who also fails a Repeat Year as a result of failing module(s) already passed in a previous year, a pass for the year will be awarded by the Examination Board, provided the student achieves the Pass and Progression Standard for the year on the combined results from both years. In the case of candidates choosing option 2 who had already passed in their first attempt year but who fail the examination in a Repeat Year as a result of failing module(s) already passed in a previous year the original programme level judgement and associated marks will be awarded by the Examination Board.
<i>Three Year Rule:</i>	Candidates must pass within 3 academic years of the date of first registration for Third Year, otherwise they cannot continue in the programme.

<i>Supplemental Examinations:</i>	Supplemental Examinations for Semesters 1 and 2 will be held in August (Autumn). Please refer to the Book of Modules for requirements governing the Autumn Supplemental Examination for individual modules. <i>Note: For some modules there is no Supplemental Examination.</i> Students who fail to achieve the pass standard for the year at the Summer Examination Board must repeat all failed/absent modules at the Supplemental Examination, where there is provision to do so and if not disallowed by the Examination Board, or in a Repeat Year (see below). Marks from all passed modules are carried forward to the Supplemental Examination Board. The pass/progression rule is then applied to the combination of marks carried forward in passed modules and marks achieved in repeated modules. Capping of Marks at a Supplemental Examination: In determining aggregation and progression, the maximum mark that will be taken into account is a pass 40%. The actual mark achieved by the candidate will be recorded on the student record.

<i>Repeat Year Examinations:</i>	Students repeating the year may do so choosing whichever of the two following mechanisms best suits his/her requirements. Note: Students are eligible for the award of Honours in the first Repeat Year only. Final Year students wishing to repeat the year with a view to improving their degree result may do so only if they have not been conferred. 1. Students retain exemptions, if any, and must repeat all failed/absent modules. In determining aggregation and the calculation of the award of honours, full marks achieved in modules passed at the Summer Examination in the first attempt year plus capped marks achieved in modules in Supplemental and Repeat Year Examinations are used. <i>Note: For students selecting different modules not previously taken, there are no restrictions on the marks awarded for those modules at the Summer Examination of a Repeat Year.</i> 2. Students may repeat the year taking the full 60 credits. In determining aggregation and the calculation of the award of honours, there is no restriction on the marks awarded for modules at the Summer Examination of the Repeat Year. Modules taken at the subsequent Supplemental Examination are capped at the pass mark. <u>Subject to capacity, all students – whether they have failed or passed – are allowed to choose this option in an attempt to improve their grade.</u> In the case of a candidate choosing option 2 who failed the first attempt year and who also fails a Repeat Year as a result of failing module(s) already passed in a previous year, a pass for the year will be awarded by the Examination Board, provided the student achieves the Pass Standard for the year on the combined results from both years. In the case of candidates choosing option 2 who had already passed or got honours in their first attempt year but who (i) fail the examination in a Repeat Year as a result of failing module(s) already passed in a previous year or (ii) fail to qualify for a higher class of honours at the second attempt, the original programme level judgement and associated marks will be awarded by the Examination Board.
<i>Three Year Rule:</i>	Candidates must pass within 3 academic years of the date of first registration for Third Year, otherwise they cannot continue in the programme.

BA (HONS) CRIMINOLOGY INTERNATIONAL DEGREE	
Third University Examination in Arts Criminology International (Year Abroad Students)	
This year is spent studying in a university abroad. Students will be assessed by their host university.	
<i>Time:</i>	A pass/fail judgement for the Year Abroad will be forwarded to the Autumn Examination Board. For students failing to achieve the pass mark there will be a Winter Supplemental Examination with marks going to the Winter Examination Board.

No exemptions are permitted during the Year Abroad. Where a programme includes a year spent studying in another University, students will be assessed by their Host University. A PASS/FAIL judgement will be presented to the autumn Examination Board. Honours are not awarded in the Year Abroad. To pass the year abroad and progress to the subsequent year, a candidate must achieve a pass standard as applied by the Host Institution on a set of modules approved by the Host Institution. Marks achieved in the Year Abroad will not be considered in the calculation of the final degree award. For students failing to achieve a pass mark, there will be a winter Supplemental Examination on equivalent course content and a winter Examination Board, both held in UCC. The Supplemental examination assessment type will be prescribed by the appropriate academic unit.
<i>Supplemental Examinations:</i>	Students who fail at the Autumn Examination Board will be required to submit an extended essay (or equivalent) in UCC. Students should consult with the relevant Department. The maximum mark awarded will be 40%.

If a student has failed SS4208 she/he may subsequently be offered the option of a repeat Placement opportunity. This will be carried out over a minimum of 10 weeks (following on in the period immediately after the final term). The Placement may be repeated only once. Therefore, a student who chooses not to repeat or fails a repeat Placement will be unable to proceed and must withdraw from the programme.
<i>Repeat Year Examinations:</i>	Students repeating the year may do so choosing whichever of the two following mechanisms best suits his/her requirements. <i>Note: Students are eligible for the award of Honours in the first Repeat Year only.</i> Final Year students wishing to repeat the year with a view to improving their degree result may do so only if they have not been conferred. 1. Students retain exemptions, if any, and must repeat all failed/absent modules. In determining aggregation and the calculation of the award of honours, full marks achieved in modules passed at the Summer Examination in the first attempt year plus capped marks achieved in modules in Supplemental and Repeat Year Examinations are used. <i>Note: For students selecting different modules not previously taken, there are no restrictions on the marks awarded for those modules at the Summer Examination of a Repeat Year.</i> 2. Students may repeat the year taking the full 60 credits. In determining aggregation and the calculation of the award of honours, there is no restriction on the marks awarded for modules at the Summer Examination of the Repeat Year. Modules taken at

	the subsequent Supplemental Examination are capped at the pass mark. <u>Subject to capacity, all students – whether they have failed or passed – are allowed to choose this option in an attempt to improve their grade.</u> In the case of a candidate choosing option 2 who failed the first attempt year and who also fails a Repeat Year as a result of failing module(s) already passed in a previous year, a pass for the year will be awarded by the Examination Board, provided the student achieves the Pass Standard for the year on the combined results from both years. In the case of candidates choosing option 2 who had already passed or got honours in their first attempt year but who (i) fail the examination in a Repeat Year as a result of failing module(s) already passed in a previous year or (ii) fail to qualify for a higher class of honours at the second attempt, the original programme level judgement and associated marks will be awarded by the Examination Board.
<i>Three Year Rule:</i>	Candidates must pass within 3 academic years of the date of first registration for Fourth Year, otherwise they cannot continue in the programme

<i>Carrying Forward of Marks Toward the Final Degree Award</i>	The final grade for the BEDPEA degree is calculated using a weighted aggregate of results from years 2, 3, and 4 of the programme, with 25% contributed by each of Years 2 and 3 and 50% of year 4.

Exemptions:	All passed modules carry an exemption, which is limited to a period of 5 academic years subsequent to the award of the exemption.
Supplemental Examinations:	Please refer to the Book of Modules for requirements governing the Autumn Supplemental Examination for individual modules. <i>Note: For some modules there is no Supplemental Examination.</i> Students who fail to achieve the pass standard for the year at the Summer Examination must repeat all failed/absent modules at the Supplemental Examination, where there is provision to do so and if not disallowed by the Examination Board, or in a Repeat Year (see below). Marks from all passed Modules are carried forward to the Supplemental Examination. The pass/progression rule is then applied to the combination of marks carried forward in passed modules and marks achieved in repeated modules. Capping of Marks at a Supplemental Examination: In deterring aggregation and progression, the maximum mark that will be taken into account is a pass 40%. The actual mark achieved by the candidate will be recorded on the student record.
Repeat Year Examinations:	Students repeating the year may do so choosing whichever of the two following mechanisms best suits his/her requirements. 1. Students retain exemptions, if any, and must repeat all failed/absent modules. In determining aggregation and progression, full marks obtained in modules passed at the Summer Examination in the first attempt year plus capped marks obtained in modules in Supplemental and Repeat Year Examinations are used. <i>Note: For students selecting different modules not previously taken, there are no restrictions on the marks awarded for those modules at the Summer Examination of a Repeat Year.</i> 2. Students may repeat the year taking the full 60 credits. In determining aggregation and progression, there is no restriction on the marks awarded for modules at the Summer Examination of the Repeat Year. Modules taken at the subsequent Supplemental Examination are capped at the pass mark. <u>Subject to capacity, all students – whether they have failed or passed – are allowed to choose this option in an attempt to improve their grade.</u> In the case of a candidate choosing option 2 who failed the first attempt year and who also fails a Repeat Year as a result of failing

	module(s) already passed in a previous year, a pass for the year will be awarded by the Examination Board, provided the student achieves the Pass and Progression Standard for the year on the combined results from both years. In the case of candidates choosing option 2 who had already passed in their first attempt year but who fail the examination in a Repeat Year as a result of failing module(s) already passed in a previous year the original programme level judgement and associated marks will be awarded by the Examination Board.
<i>Three Year Rule:</i>	Candidates must pass/progress within 3 academic years of the date of first registration for Second Year, otherwise they cannot continue in the programme.
<i>Transfer to Bachelor of Sports Studies (BSS)</i>	Students who fail ED3329 at the Summer Examination Board or at the supplemental Examination Board or who choose not to pursue the teaching pathway, may opt to change their registration (if possible within the current academic year) to the alternative pathway and will progress to the Bachelor of Sports Studies IV. In the case of candidates choosing option 2 who had already passed in their first attempt year but who fail the examination in a Repeat Year as a result of failing module(s) already passed in a previous year the original programme level judgement and associated marks will be awarded by the Examination Board.

<i>Three Year Rule:</i>	Candidates must pass/progress within 3 academic years of the date of first registration for Second Year, otherwise they cannot continue in the programme.

Marks from all passed modules are carried forward to the Supplemental Examination. The pass/progression rule is then applied to the combination of marks carried forward in passed modules and marks achieved in repeated modules. Capping of Marks at a Supplemental Examination: in determining aggregation and progression, the maximum mark that will be taken into account is a pass 40% The actual mark achieved by the candidate will be recorded on the student record. A student who has failed or not completed the ED4314 may, at the discretion of the examiners, repeat it <u>but only once</u>.
<i>Repeat Year Examinations</i>	Students repeating the year may do so choosing whichever of the two following mechanisms best suits his/her requirements. 1. 	<i>restrictions on the marks awarded for those modules at the Summer Examination of a Repeat Year.</i> 2. Students may repeat the year taking the full 60 credits. In determining aggregation and the calculation of the award of honours, there is no restriction on the marks awarded for modules at the Summer Examination of the Repeat Year. Modules taken at the subsequent Supplemental Examination are capped at the pass mark. <u>Subject to capacity, all students – whether they have failed or passed – are allowed to choose this option in an attempt to improve their grade.</u> In the case of a candidate choosing option 2 who failed the first attempt year and who also fails a Repeat Year as a result of failing module(s) already passed in a previous year, a pass for the year will be awarded by the Examination Board, provided the student achieves the Pass Standard for the year on the combined results from both years. In the case of candidates choosing option 2 who had already passed or got honours in their first attempt year but who (i) fail the examination in a Repeat Year as a result of failing module(s) already passed in a previous year or (ii) fail to qualify for a higher class of honours at the second attempt, the original programme level judgement and associated marks will be awarded by the Examination Board.
<i>Three Year Rule</i>	Candidates must pass within 3 academic years of the date of first registration for Third Year, otherwise they cannot continue in the programme.

<i>Time:</i>	Marks for all modules, including those wholly assessed by Continuous Assessment, will be presented to the Summer Examination Board. Students failing the written work (e.g. Reflective Portfolio) can resubmit only having received a Pass Judgement in the Placement. The resubmitted work will be presented to the Autumn Examination Board.
<i>Modules:</i>	Total: 60 credits Please see Academic Programme Catalogue
<i>Marks Maxima:</i>	Full year is assessed on a pass/fail basis. NOTE: CS3400 is assessed on a pass/fail basis
<i>Distribution of Marks:</i>	Distribution of marks and assessment details (including End of Year Written Examination Profile) for individual modules are contained in the Book of Modules
<i>Pass Standard (module level):</i>	The pass standard for each module is 40%. Special Requirements for individual modules, if any, are detailed in the Book of Modules
<i>Pass and Progression Standard (programme level):</i>	To pass Third Year and progress to Fourth Year a candidate must: Achieve a pass standard in the placement module CS3400. This requires students to separately pass both elements i.e. (i) Placement Practice Report from the placement supervisor and course director and (ii) Reflective Portfolio.
<i>Honours:</i>	Honours are not awarded in Third Year.
<i>Exit award:</i>	N/A
<i>Exemptions:</i>	N/A
<i>Supplemental Examination:</i>	Supplemental Examinations for Semesters 1 and 2 will be held in August (Autumn). Please refer to the Book of Modules for requirements governing the Autumn Supplemental Examination for individual modules. <i>Note: For some modules there is no Supplemental Examination.</i> There are two elements in assessment of the placement module: (i) Placement Practice Report from the placement supervisor and course director and (ii) Reflective Portfolio. Both must be passed separately to pass the module overall. Students who fail in the Placement Practice Report have no opportunity to repeat the placement and have no supplemental assessment. Students who pass the Placement Practice Report but fail the Reflective Portfolio may submit a revised Reflective

	Portfolio for the Autumn Examination Board.
<i>Repeat Year Examinations:</i>	NOTE: The Placement Module CS3400 cannot normally be repeated. Students cannot repeat unless there are mitigating circumstances (e.g. they withdrew during the year due to illness). Students who withdraw from or fail the Placement Module CS3400 may be permitted to transfer back to the standard non-placement pathway for the programme, subject to the agreement of the module coordinator and programme director.
<i>Two Year Rule (or other rule to apply):</i>	Candidates must pass/progress within 2 academic years of the date of first registration for Third Year, otherwise they cannot continue in the programme.

<i>Pass and Progression Standard (programme level):</i>	To pass Third Year a candidate must: 1. achieve an aggregate mark of at least 480/1200 across all modules 2. pass modules to the value of at least 50 credits. 3. achieve a mark of not less than 30% in any remaining module(s).
<i>Honours:</i>	Honours are awarded as follows, based on the aggregate of the marks provided that the student is deemed to have passed overall. <u>First Class Honours</u> an aggregate of not less than 840/1200 marks (i.e. 70% and above) or an aggregate of not less than 816/1200 marks together with not less than 70% in modules to the value of at least 30 credits <u>Second Class Honours: Grade I</u> an aggregate of not less than 720/1200 marks (i.e. 60% and above but less than 70%) or an aggregate of not less than 696/1200 marks together with not less than 60% in modules to the value of at least 30 credits. <u>Second Class Honours: Grade II</u> an aggregate of not less than 600/1200 marks (i.e. 50% and above but less than 60%) or an aggregate of not less than 576/1200 marks together with not less than 50% in modules to the value of at least 30 credits <u>Third Class Honours</u> an aggregate of not less than 540/1200 marks (i.e. 45% and above but less than 50%) or an aggregate of at least 516/1200 marks together with not less than 45% in modules to the value of at least 30 credits Students passing the Degree Examination but not achieving the required standard for the award of honours will be awarded a pass. For the regulations governing the award of Honours in a Repeat Year, see below.

<i>Carrying Forward of Marks Towards Final Degree Award:</i>	The mark in the BA Degree is the combination of the aggregate marks achieved in the Second Arts (Psychology and Computing) and the BA (Psychology and Computing) Degree Examinations, in the following proportions, provided that both years have been passed independently: Second Arts (Psychology and Computing) 33.33% of 1200 marks, BA (Psychology and Computing) Degree 66.66% of 1200 marks.
<i>Exit award:</i>	N/A
<i>Exemptions:</i>	All passed modules carry an exemption, which is limited to a period of 2 academic years subsequent to the award of the exemption.
<i>Supplemental Examination:</i>	Supplemental Examinations for Semesters 1 and 2 will be held in August (Autumn). Please refer to the Book of Modules for requirements governing the Autumn Supplemental Examination for individual modules. <i>Note: For some modules there is no Supplemental Examination.</i> Students who fail to achieve the pass standard for the year at the Summer Examination Board must repeat all failed/absent modules at the Supplemental Examination, where there is provision to do so and if not disallowed by the Examination Board, or in a Repeat Year (see below). Marks from all passed modules are carried forward to the Supplemental Examination Board. The pass/progression rule is then applied to the combination of marks carried forward in passed modules and marks achieved in repeated modules. Capping of Marks at a Supplemental Examination: In determining aggregation and progression, the maximum mark that will be taken into account is a pass 40%. The actual mark achieved by the candidate will be recorded on the student record.
<i>Repeat Year Examinations:</i>	Students repeating the year may do so choosing whichever of the two following mechanisms best suits his/her requirements. <i>Note: Students are eligible for the award of Honours in the first Repeat Year only.</i> Final Year students wishing to repeat the year with a view to improving their degree result may do so only if they have not been conferred. 1. Students retain exemptions, if any, and must repeat all failed/absent modules. In determining aggregation and progression, full marks achieved in modules passed at the Summer Examination in the first attempt year plus capped marks achieved in modules in Supplemental and Repeat Year Examinations are used. <i>Note: For students selecting different modules not previously taken, there are no restrictions on the marks awarded for those modules at the Summer Examination of a Repeat Year.</i> 2. Students may repeat the year taking the full 60 credits. In determining aggregation and progression, there is no restriction on

	the marks awarded for modules at the Summer Examination of the Repeat Year. Modules taken at the subsequent Supplemental Examination are capped at the pass mark. <u>Subject to capacity, all students – whether they have failed or passed – are allowed to choose this option in an attempt to improve their grade.</u> In the case of a candidate choosing option 2 who failed the first attempt year and who also fails a Repeat Year as a result of failing module(s) already passed in a previous year, a pass for the year will be awarded by the Examination Board, provided the student achieves the Pass and Progression Standard for the year on the combined results from both years. In the case of candidates choosing option 2 who had already passed in their first attempt year but who fail the examination in a Repeat Year as a result of failing module(s) already passed in a previous year the original programme level judgement and associated marks will be awarded by the Examination Board.
<i>Two Year Rule (or other rule to apply):</i>	Candidates must pass within 2 academic years of the date of first registration for Final or Degree Year, otherwise they cannot continue in the programme.

To pass Fourth Year a candidate must: 1. Obtain an overall aggregate pass of 40% (i.e. 480/1200 marks) across all modules 2. Pass modules to the value of at least 50 credits 3. Obtain a minimum of 40% (i.e. 160/400 marks) in ED4401, the Teaching Placement module. 4. Obtain a mark of at least 30% in any remaining module 5. Have satisfied the Fitness to Practise Requirements. This can be demonstrated by providing evidence of achieving a minimum level of B2.2 on the Common European Framework of Reference for

<i>Honours:</i>	Honours are awarded as follows, based on the aggregate of the marks, provided that the student is deemed to have passed overall. Honours for the degree are awarded on the overall aggregate marks from first, second, third and fourth year as follows: First Class Honours: an aggregate of at least 3360/4800 marks (i.e. 70% and above) Second Class Honours Grade I: an aggregate of at least 2880/4800 marks (i.e. 60% and above but less than 70%) Second Class Honours Grade II: an aggregate of at least 2400/4800 marks (i.e. 50% and above but less than 60%) Pass (Honours level): aggregate of at least 1920/4800 marks (i.e. 40%). Students passing the Degree Examination but not achieving the required standard for the award of honours will be awarded a pass. Honours are not awarded at the Autumn Supplemental Examination. Repeat students are eligible for the award of Honours in the first Repeat Year only.
<i>Carry Forward of Marks Towards Degree Award</i>	The grade for the degree is based on a carry-forward of the aggregate marks from First, Second, Third and Fourth Year Examinations.
<i>Exemptions:</i>	All passed modules carry an exemption, which is limited to a period of 5 academic years subsequent to the award of the exemption.
<i>Supplemental Examinations:</i>	Supplemental Examinations for Semesters 1 and 2 will be held in August (Autumn). Please refer to the Book of Modules for requirements governing the Autumn Supplemental Examination for individual modules. <i>Note: For some modules there may be no Supplemental Examination.</i> Students who fail to achieve the pass standard for the year at the Summer Examination must repeat all failed/absent modules at the Supplemental Examination, where there is provision to do so and if not disallowed by the Examination Board, or in a Repeat Year (see below). Marks from all passed modules are carried forward to the Supplemental Examination. The pass/progression rule is then applied to the combination of marks carried forward in passed modules and marks obtained in repeated modules. Capping of Marks at a Supplemental Examination: In determining aggregation, progression, and the calculation of honours, the maximum mark that will be taken into account is a pass, 40%. The actual mark achieved by the candidate will be recorded on the student record.

<i>Repeat Year Examinations</i>	Students repeating the year may do so choosing whichever of the two following mechanisms best suits his/her requirements. Note: Students are eligible for the award of Honours in the first Repeat Year only. Final Year students wishing to repeat the year with a view to improving their degree result may do so only if they have not been conferred. 1. Students retain exemptions, if any, and must repeat all failed/absent modules. In determining aggregation and progression, full marks achieved in modules passed at the Summer Examination in the first attempt year plus capped marks achieved in modules in Supplemental and Repeat Year Examinations are used. Note: <i>For students selecting different modules not previously taken, there are no restrictions on the marks awarded for those modules at the Summer Examination of a Repeat Year.</i> 2. Students may repeat the year taking the full 60 credits. In determining aggregation and progression, there is no restriction on the marks awarded for modules at the Summer Examination of the Repeat Year. Modules taken at the subsequent Supplemental Examination are capped at the pass mark. Subject to capacity, all students – whether they have failed or passed – are allowed to choose this option in an attempt to improve their grade. In the case of a candidate choosing option 2 who failed the first attempt year and who also fails a Repeat Year as a result of failing module(s) already passed in a previous year, a pass for the year will be awarded by the Examination Board, provided the student achieves the Pass and Progression Standard for the year on the combined results from both years. In the case of candidates choosing option 2 who had already passed in their first attempt year but who fail the examination in a Repeat Year as a result of failing module(s) already passed in a previous year the original programme level judgement and associated marks will be awarded by the Examination Board.
<i>Three Year Rule:</i>	Candidates must pass/progress within 3 academic years of the date of first registration for Third Year, otherwise they cannot continue in the programme.
