

GoBases

GoCar is starting in Ireland in July 2008 with 8 vehicles spread over 3 GoBases in Cork City, located near City Hall, UCC and Clark's Bridge (see map below).

We will provide more GoBases as demand increases by locating them close enough to each other to provide a dense network near to people's homes and workplaces.

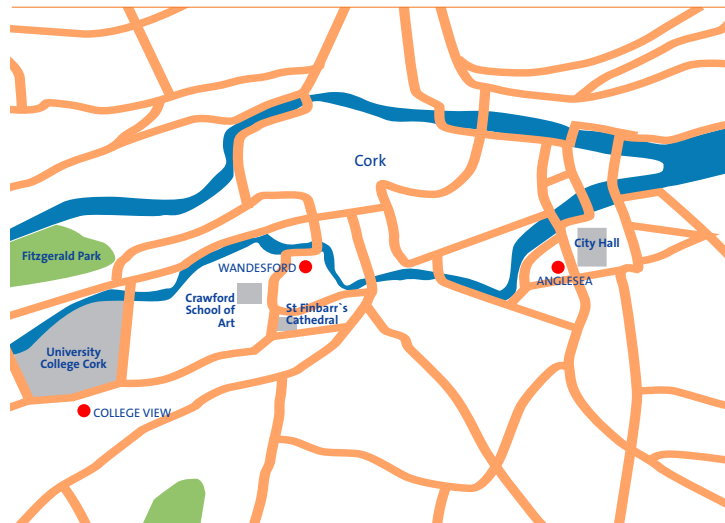

GoCar customers will be able to use our vehicles elsewhere in Ireland in the future as well as in Germany and Belgium wherever our cambio partners are located.

This smartcard is your personal key giving access to all vehicles.

easy

GoCar provides the vehicles, cleans, services, and maintains them on a regular basis – giving you more time for the pleasant moments in life!

flexible

From supermini to small van, there's always an appropriate vehicle for you! Available in your neighbourhood and in the city centre.

convenient

There are no extra costs for leasing, insurance and parking. It's cheaper than a comparable private car, up to 8,000 km.
