Dear Industry Partners

UCC Career Services are delighted to introduce you to our range of targeted and bespoke graduate recruitment activities that you can avail of and contribute to as well.

We understand that some employers may be new to engaging with UCC Career Services, for example, organisations from the SME sector. We are happy to meet with all employers to discuss your recruitment needs. Regardless of the size of your organisation, please contact the Employability and Employer Engagement Team.

We invite you to engage with us through these new initiatives in order to extend your reach, enhance your brand and grow your talent potential with UCC students.

We look forward to discussing your graduate recruitment needs with you. Contact us at graduaterecruitment@ucc.ie

We connect employers with skilled, competent and well-rounded students and graduates. We offer many services including opportunities for you to:

- Work in partnership with us to meet students at fairs, job road shows and other events
- Raise your brand awareness on campus
- Advertise internship and graduate vacancies
- Deliver employer-led employability skills sessions
- Recruit students for work placements

Work Placement

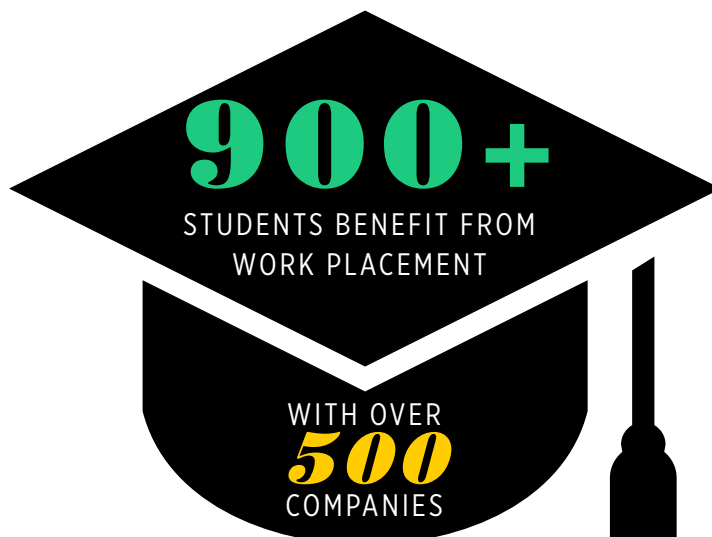

Work Placement is a partnership between the University, the employer and the student. It gives students the opportunity to gain practical work experience relevant to their course and offers the following benefits to employers:

- Provides you with an opportunity to undertake projects or other work by hiring an additional temporary resource
- An ideal opportunity to screen potential fulltime employees
- Closer interaction between the University and Industry, which benefits both parties
- Improved employer profile on campus, which benefits employers who regularly recruit graduates each year

Recruitment Fairs

UCC offers graduate recruiters, SMEs and the not-for-profit sector a range of themed recruitment fairs. Every year we run a series of recruitment fairs for students looking for the chance to:

- Find graduate opportunities
- Meet a range of employers
- Explore a variety of career paths

The recruitment fairs are a great opportunity for employers to identify talent at an early stage and to support your recruitment needs if you have:

- Internship and graduate opportunities
- A range of vacancies that recruit from multiple courses

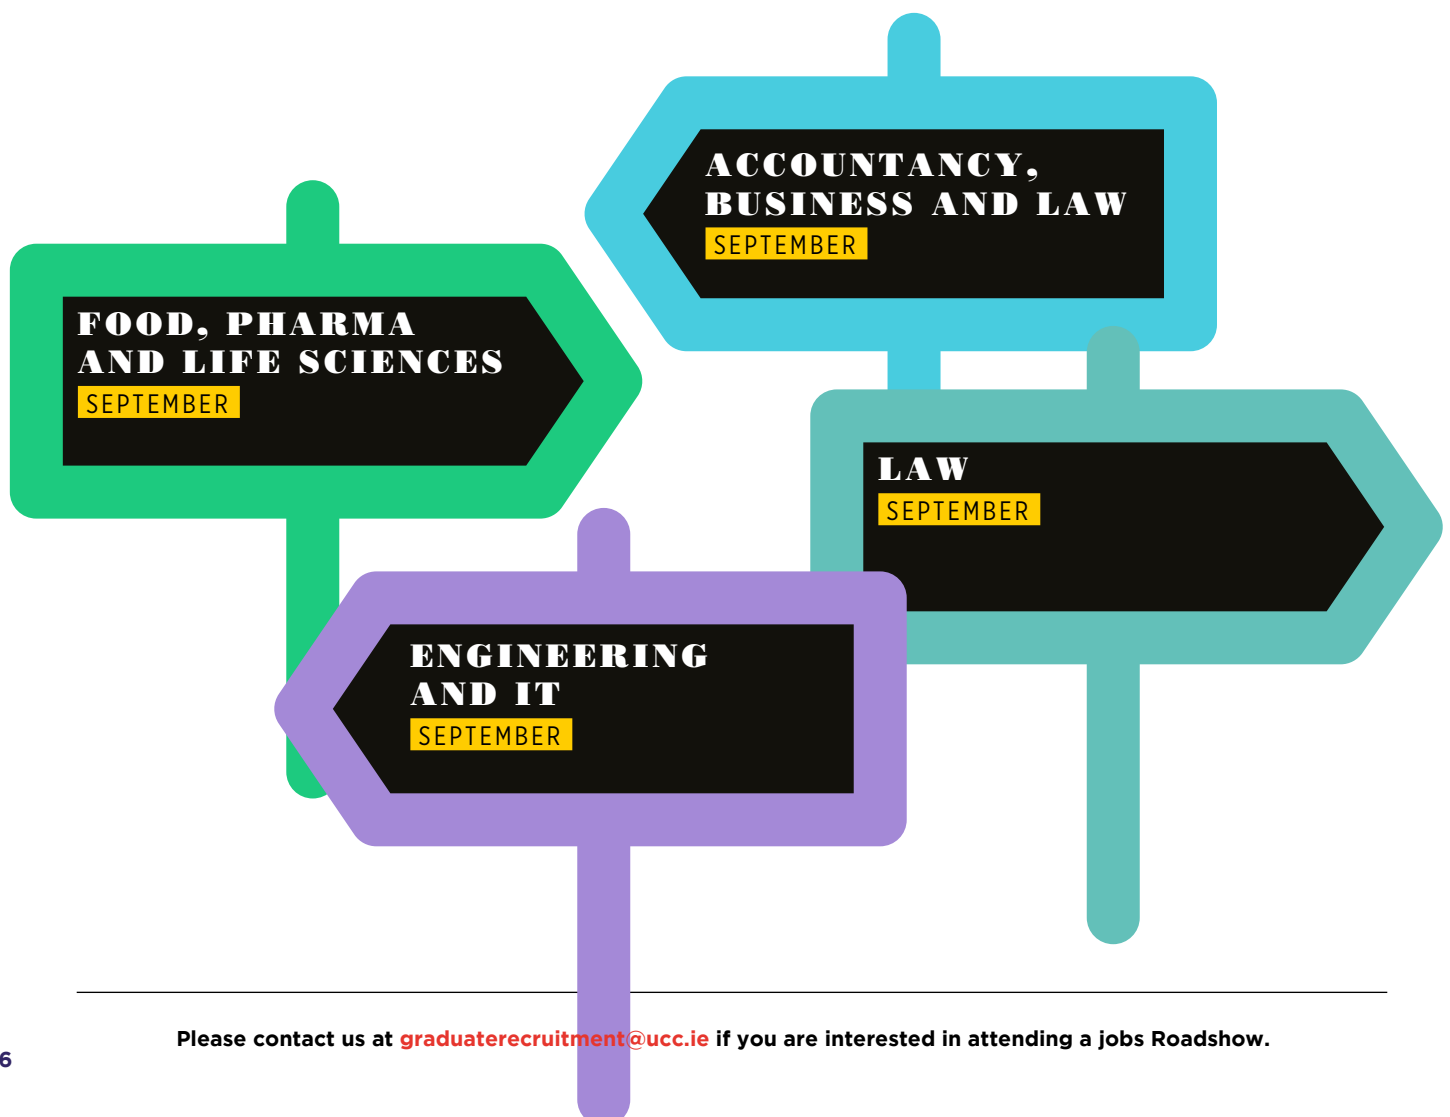

Job Roadshows

- Provide a no-cost way to network with final year students interested in graduate jobs
- Are intimate industry focused events with approximately fifteen to twenty employers per event
- Are an excellent way for employers to meet informally with students and answer questions about graduate programmes, recruitment processes and company culture
- Are free to employers

Student feedback suggests that Job Roadshows are a preferred method of meeting with employers and are seen as being a more pro-active way to engage with employers than stand-alone milkround presentations.

Please contact us at graduaterecruitment@ucc.ie if you are interested in attending a jobs Roadshow.

Raise Brand Awareness on Campus

Many companies are looking for new ways to engage with students and heighten their brand awareness among the UCC student population.

We offer a range of formats and can advise on what is most appropriate for your organisation - from formal presentations to promotional stands on campus. There are a number of different options available to you:

EMPLOYER IN THE FOYER
