

Immunisation Policy

It is the policy in Crèche Cois Laoi that immunisation records of each child are kept on file. This information will only be shared on a need to know basis with the relevant bodies for example the Health Services Executive.

Parents are asked to submit their child's immunisation details on their contract form before their child commences in the crèche. The dates that your child was immunised and the type of immunisation that they received must be included.

It is the responsibility of the child's parents/ guardians to ensure that the child's immunisations are up to date. Please keep us informed by telling your child's Key Worker when your child has been immunised.

Although not mandatory, it is recommended that families ensure their children are fully immunised.
