

## Quercus Sport Scholarships 2021/22 Criteria and Terms of Reference

### 1. General Criteria

University College Cork is pleased to announce that up to 5 Quercus Scholarships for Sport will be awarded to students registered on an undergraduate/level 8 programme in 2021/22 who can demonstrate an exceptional level of excellence in their chosen Sport and who have successfully been selected by the Scholarship Panel for a Quercus Scholarship.

Quercus Scholarships for Sport will be awarded by a Scholarship Panel composed of both internal UCC staff members and invited external experts.

Those applicants shortlisted for interview may submit a portfolio of their sporting achievements, submitted in any suitable format beforehand.

*(Submitted materials may not be returned to applicant)*

It is hoped that all interviews will take place in April/May 2021.

Scholarships will be offered to applicants who satisfy the Scholarship Panel (and in turn UCC) as to their suitability to the Quercus Talented Students' Programme and who can demonstrate excellence in the field of Sport. The panel's decisions will be final.

The Scholarship can be renewed for subsequent years, subject to a Scholar making a sufficient contribution to the sporting life of UCC, engaging with the activities of the Quercus Talented Students' Programme and being able to progress to the next level of study in their academic programme.

Scholars may not hold a Scholarship during an academic year spent abroad or on work placement. Renewal will be decided at the end of the academic year spent abroad or on work placement and will be determined by the individual's involvement in their sport whilst on placement, fitness levels, etc.

Scholars will be expected to act as ambassadors for UCC in terms of their participation in sporting activities and in their participation in activities designed to promote the Quercus Scholarship Programme.
