GENERAL REGULATIONS GOVERNING EXAMINATIONS FOR ALL UNDERGRADUATE PROGRAMMES

Written Examinations will be held at the end of each Semester. **Semester 1** Written Examinations will take place in December (Winter); **Semester 2** Written Examinations will take place in April/May (Summer). Written Examinations for programmes with placement will normally take place in March/April (Spring). Written Examinations for **Semester 3** will take place in August (Autumn).

Publication of Results: Provisional module marks and results for Semester 1 will be released to students in February subject to approval of the External Examiner(s), the Examination Board and Academic Board. Programme results for Semesters 1 and 2, once approved by the Spring/Summer Examination Boards, will be released provisionally to students and are subject to Academic Board approval in June. Provisional results for Semester 3, once approved by the Winter Examination Boards, will be released provisionally to students and are subject to Academic Board approval in December.

Awarding of Credits: Where a student passes the year according to the Pass and Progression Rules he/she shall be awarded credits (e.g. 60 credits in the case of an undergraduate degree programme).

Absence from an Examination in a Module:

- Registration at the beginning of an academic year constitutes entry for Examinations.
- A student who is prevented for medical reasons or other personal circumstances from attending all or part of the Examination, and who has not withdrawn from the programme, should submit to the Registrar and Senior Vice-President for Academic Affairs a full report (including a medical certificate) or a full report setting out the other personal circumstances as soon as possible and not more than three days following his/her last Examination, for consideration by the Board of Examiners. Students who are pregnant may defer the entire examination to the Autumn.
- Where a student fails to present for an End of Semester Examination in a module, a judgement of "Absent" is recorded for that module. "Absent" is counted as an attempt at an examination. Where a module is examined by a combination of Continuous Assessment and End of Semester Written Examination, and the student does not present for the End of Semester Examination, an "Absent" judgement is recorded. The mark recorded for the module is then based on the mark for Continuous Assessment and a zero mark for the written component, using the rules for obtaining the overall module mark which pertain to the module in question. Where a module is assessed wholly by Continuous Assessment, and the student presents no work, a "Presented No Work" judgement is recorded.

Supplemental Examinations: Supplemental Examinations for Semesters 1 and 2 will be held in August (Autumn). Supplemental Examinations for Semester 3 will be held in December (Winter). Please refer to the Book of Modules (www.ucc.ie/academic/modules/) for requirements governing the Supplemental Examination for individual modules. Note: for some modules there is no Supplemental Examination.

A student who fails his/her End of Semester Examination(s), or who fails to present, will be automatically entered for the Autumn Supplemental Examination, unless debarred by the Examination Board. A student who is not so debarred must inform the Student Records and Examinations Office, in writing, before the end of July if he/she does not intend sitting the Supplemental Examination. Where a student fails to inform the Student Records and Examinations Office of his/her intention not to sit the Supplemental Examination, a judgement of "Absent" is recorded for module(s). "Absent" is counted as an attempt at an examination.

Repeat Year Arrangements: Students repeating the year will repeat under the current regulations (i.e. the regulations outlined in this Marks and Standards 2015 Book).

Application for Waiver of Capping of Marks: The requirement for the **capping of marks** awarded for a module at a Supplemental Examination or, where applicable, Repeat Year Examination may be

waived under certain specified circumstances (see 'Guide to Examinations' for details at <http://www.ucc.ie/admin/registrar/marksandstandards/>)

The procedures include the following specific regulations:

- Guide to Examinations for Students
- Guide to Examinations for Staff
- Examination Regulations
- Procedure in Examination Halls
- Appeal Regulations and Application Form
- Re-check Regulations and Application Form
- Mitigation Regulations and Application Form
- UCC Plagiarism Policy
- Deferral of Written Examinations: Pregnant Students

Modules:	Students take 60 credits : http://www.ucc.ie/academic/calendar/food/food003a.html
Marks Maxima:	100 per five credit module, 200 per ten credit module. Total Marks: 1000. The Work Placement module (FS3001) and Food Industry Skills Module (FS3100) are assessed on a Pass/Fail basis.
Distribution of Marks:	Distribution of marks and assessment details (including End of Year Written Examination Profile) for individual modules are contained in the <i>Book of Modules</i> (www.ucc.ie/academic/modules).
Pass Standard (module level):	The pass standard for each module is 40%. Special Requirements for individual modules, if any, are detailed in the <i>Book of Modules</i> (www.ucc.ie/academic/modules).
Pass and Progression Standard (programme level):	To pass Third Year and to progress to Fourth Year, a candidate must: <ul style="list-style-type: none"> (i) obtain an aggregate mark of 40% (i.e. at least 400/1000 marks) across all taught modules (ii) obtain a pass in each module in modules to the value of 40 credits (excluding the Work Placement module FS3001 or Food Industry Skills module FS3100) (iii) obtain a mark of not less than 30% in any remaining module(s)

A student who has undertaken either of these modules and passed the Third University Examination may proceed to Fourth Year. Students failing FS3001 or FS3100 must repeat this module after the BSc (Hons) (Food Science) Degree Examination has been completed. However, no student may graduate until either FS3001 or FS3100 has been passed.
Carrying Forward of Marks Towards Final Degree Award:	All Third Year taught module marks (50 credits) will be carried forward i.e. 1000 marks maximum and added to the taught module marks (50 credits) of the Fourth University Examination (maximum 1000 marks) (project mark excluded). An aggregate mark is determined using 85 credits with highest marks of which at least 45 (excluding project, 10 credits) have to be Fourth Year module credits (i.e. 1700 marks maximum). Fourth Year project mark (max. 200) is added to the aggregate mark (i.e. total marks maximum is 1900).
